## 100% SWISS MADE MEN'S SKIN CARE PRODUCTS

Created by the family-owned company Biences Swiss Cosmetics in 2020, The Scientist is a skincare line exclusively dedicated to men.

Thanks to the 30 years of cosmetological expertise of its parent company, The Scientist offers a range of 100% Swiss made high quality face and body skincare products.

Featuring a chic and modern design, the brand is composed of an assortment of seven products offering simple, effective and long-lasting solutions for all men. Incorporating the latest scientific discoveries, The Scientist's products have been tailor-made to meet the cosmetological expectations of men's skin.

THE  
**SCIENTIST**  
SWISS SCIENCE FOR MEN'S SKIN  

## OUR INGREDIENTS

### THE BEST OF NATURE & SWISS SCIENCE

The latest discoveries in the formulation of cosmetic products have enabled our research and development department to create skin care products containing more than 99.5% of natural ingredients.

All our products are concentrated in high quality and efficient natural ingredients such as Aloe Vera, beeswax, sage, sweet almond and many more.

The active substances used are selected from the best ingredients in current cosmetology, thus ensuring quality that meets the highest standards.

paraben free

endocrine disruptors free

silicone free

PEG free

mineral oil free

phthalate free

nanoparticle free

phenoxyethanol free

no animal testing

## **OUR VALUES**

### MEET THE HIGHEST STANDARDS

#### **EXCELLENCE**

We ensure the quality of our products and services and constantly improve to meet the highest standards.

#### **INNOVATION**

We are constantly looking for new scientific discoveries to improve the performance of our products and respond to the latest market trends.

#### **RELIABILITY**

We guarantee reliability, efficiency and transparency throughout all stages of the chain, as well as flawless compliance with deadlines.

#### **PROXIMITY**

Our products are entirely designed and manufactured in Switzerland, where we operate.

# OUR VISION

## POSITIONNING, ASSORTMENT & TARGET

### OUR POSITIONNING

The Scientist offers the best of nature and Swiss science for men with high quality skincare. The natural and cruelty-free line is committed to clean skincare and is aimed at the modern man in search of simple, effective and long-lasting solutions.

### OUR TARGET

Men from 30 to 55 years old with a modern and active lifestyle.

### OUR ASSORTMENT

Our line is made of 7 products with simple application tips for a complete care ritual that can be easily implemented.

Our products are all detailed below.

# ANTI-WRINKLE SERUM

Skin Rejuvenation

Highly concentrated in active anti-oxidant ingredients, The Scientist anti-wrinkle serum actively fights skin aging, heals and repairs the epidermis. Ideal at the beginning of the day, it illuminates and plumps up your skin, giving it a healthy glow.

## USE

Morning and evening, after the Eye Care Gel, apply the serum on your face to fight wrinkles and smooth your lines. Highly concentrated in active ingredients, the Serum deeply regenerates your skin.

## ACTIVE INGREDIENTS

Aloe Vera, cupuaçu butter, witch hazel, seaweed and algae extracts, sunflower, sweet almond and hop oils, D-panthenol, bisabolol, vegetable lecithin, vitamins E & C.

ART 852 50 ML CHF 68.80

# Q10 SHOT

Youth activator

Highly concentrated in Q10, an antioxidant known to fight free radicals responsible for skin aging. The Scientist Q10 shot remedies the natural decline in Q10 production in the body to intensely fight against the signs of aging.

It supports the natural defense mechanisms of the epidermis as well as the energy metabolism of the cells. A real must-have to revitalize your skin.

## USE

Apply the Q10 shot in the evening, 2 to 4 times a week instead of The Scientist anti-wrinkle serum. It can be applied locally on deep wrinkles or on the whole face. Then apply The Scientist day & night cream.

## ACTIVE INGREDIENTS

Coenzyme Q10, vegetable lecithin, vitamins C & E.

ART 851 15 ML CHF 29.70

# DAY & NIGHT CREAM

Anti-aging & moisturizing

The Scientist day & night cream fights against wrinkles and loss of firmness. In the morning, it moisturizes and protects the skin from external aggressions such as pollution and toxins. In the evening, it deeply nourishes and regenerates skin tissue.

## USE

Apply the cream morning and night after using the anti-wrinkle serum or The Scientist Q10 shot. Spread over the entire face up to the neck, avoiding the eye area.

## ACTIVE INGREDIENTS

Aloe Vera, shea butter, hyaluronic acid, coenzyme Q10, sweet almond, apricot, hop, sunflower and corn oils, beeswax, vegetable lecithin, D-panthenol, vitamins A, C & E.

ART 854 50 ML CHF 53.50

# EYE CARE GEL

Wrinkles & dark circles eraser

Designed specifically for the delicate eye area, The Scientist Eye Care Gel fights the signs of aging by making your skin firmer and more radiant. In addition, thanks to its tightening and anti-dark circle effect, your eyes appear sublimated and rested.

## USE

Before your daily care, apply the eye contour gel morning and evening by tapping lightly with your fingertips on the eye contour following your bone structure. For an instant anti-fatigue effect, place the product in your refrigerator to obtain an even fresher texture.

## ACTIVE INGREDIENTS

Aloe Vera, hyaluronic acid, locust bean gum, rosehip extract, witch hazel, sage extract, D-panthenol.

ART 853 30 ML CHF 47.90

# SHOWER GEL

Fresh & fortifying

With its sensual and irresistible fragrance, The Scientist shower gel provides a sensation of freshness and boosts your energy. Its soft and light texture moisturizes and revitalizes your skin, while protecting it from getting dry.

## USE

Ideal to start the day and after sport, apply the gel under the shower on a wet skin, massage then rinse.

## ACTIVE INGREDIENTS

Coconut extracts, Wheat proteins, D-Panthenol.

ART 875 200 ML CHF 18.50

# FACE MASK

Smoothing & deeply hydrating

Enriched with hyaluronic acid and vitamin E, The Scientist face mask provides deep hydration and improves the elasticity of your skin. From the first application, it magnifies your skin.

Ideal to give your skin a boost and a fresh look.

## USE

Apply the mask to the entire face after using The Scientist Face Scrub, avoiding the eye area. Leave on for 10 minutes, then rinse off, or remove excess with a cotton pad. For best results, use the mask in the evening and leave on overnight.

Use 2 to 3 times a week.

## ACTIVE INGREDIENTS

Hyaluronic acid, shea butter, sweet almond and sunflower oils, vegetable squalane, beeswax, vitamin E.

ART 856 50 ML CHF 27.80

# FACE SCRUB

Dead skin & impurities remover

Thanks to its micro-particles of jojoba wax, The Scientist face scrub purifies your skin and removes impurities in depth. Your skin texture is refined and your pores tightened, leaving your skin fresher and smoother.

## USE

Apply the peeling to a clean, moistened skin, avoiding the eye area. Massage with circular motions, then rinse and dry. Apply The Scientist Face Mask.

For dry and sensitive skin: once a week.

For mixed to oily skin: 2-3 times a week.

## ACTIVE INGREDIENTS

Jojoba wax beads, shea butter, sweet almond and sunflower oils, chamomile extracts, wheat proteins, vegetable lecithin.

ART 855 50 ML CHF 23.30
